# SIGN UP FOR SMS ALERTS

The U.S. Embassy and Consulates in Saudi Arabia are pleased to announce a new SMS Message service for U.S. citizens interested in receiving security-related alerts on their mobile phones. The service is optional. This does not replace the existing registration system with the Smart Traveler Enrollment Program (STEP), but is an option designed to give you one additional method to receive important emergency information. Security and other messages will continue to be released via STEP to your registered e-mail address.

Please note that the Embassy utilizes a third party contractor for this service and the phone number that you provide will be shared with this contractor. While the Embassy has taken precautions in selecting the provider, the Embassy cannot guarantee that your information will not be subject to unauthorized use or disclosure by the provider.

Also be aware that your own cellular service provider may impose fees that include, but are not limited to, the receipt of text messages and roaming service. The Embassy cannot reimburse you for any fees, and it is your responsibility to check with your provider regarding these.

If you wish to receive important announcements via text message, please enroll in our SMS Message System at:

## COMING THIS SUMMER: THE AMERICAN LIAISON NETWORK

The U.S. Department of State is revamping our traditional warden program! The American Liaison Network (ALN) is designed to modernize and replace the traditional embassy warden program overseas. It will allow enhanced collaboration between U.S. Embassies/Consulates and Citizen Liaison Volunteers (CLVs, the term that will replace "wardens"). It will also improve our awareness of the issues facing U.S. citizens in each consular district and will strengthen our capacity to assist those citizens in the event of a crisis.

Stayed tuned for more information from your Embassy/Consulate as we work to roll out this exciting new program!

## IFTAR WITH OUR CITIZEN LIAISON VOLUNTEERS

Riyadh's American Citizen Services (ACS) unit hosted an Iftar for our Citizen Liaison Volunteers (CLVs), formerly known as wardens, on May 23. You can find more information on the U.S. Department of State's new CLV program, or American Liaison Network, on page two.

The CLVs were greeted by Minister Counselor for Consular Affairs Sean Murphy and briefed on security issues in the Kingdom by the Deputy Regional Security Officer. ACS Chief and Consular staff provided information on new ACS initiatives and explained the new American Liaison Network.

After the Maghrib prayer and when our Muslim colleagues had broken their fast, the evening concluded with a wonderful dinner as a thank you to our fantastic volunteers.

## MCCA MEETS WITH THE GENERAL DIRECTOR OF PRISONS

On April 17, Minister Counselor for Consular Affairs Sean Murphy met with the General Director of Prisons, Mohammed Bin Ali Al-Asmari. Through this meeting, the American Citizen Services unit was able to gain a better understanding of the organization of the Saudi prison system, as well as arrest and imprisonment procedures. Mr. Al-Asmari also explained the various rehabilitation programs offered to prisoners and their families.

One of the highest priorities of the Department of State and U.S. embassies and consulates abroad is to provide assistance to U.S. citizens incarcerated overseas. The American Citizen Services units at the Embassy and Consulates can help incarcerated citizens and their families within the limits of our authority in accordance with international, domestic, and foreign law.

For more information about services we can provide to U.S. citizens arrested in Saudi Arabia, please see our website: <https://sa.usembassy.gov/u-s-citizen-services/arrest-of-a-u-s-citizen/>.

## *Tips for Hajj from Jeddah's ACS Team*

Hajj is an annual religious pilgrimage to Mecca undertaken each year by 2-3 million people. The approximate dates for the 2018 Hajj are August 19 to August 26. Umrah is a pilgrimage that can be completed at any time of the year. Jeddah's ACS team is gearing up for Hajj season by meeting with Hajj tour providers and the Ministry of Hajj. Here is some important information to keep in mind during Hajj:

### **American Hajj Travelers in Saudi Arabia**

U.S. citizens who reside in Saudi Arabia and wish to participate in Hajj must travel with Saudi-government-approved sponsor groups to perform Hajj. Foreign Muslim residents of Saudi Arabia may perform the Hajj once every five years. Advance approval must be obtained from an immigration office and with the approval of your Saudi sponsor.

Keep travel documents (your U.S. passport or U.S. "green card" residency permit) secure during your trip. Make two copies of your passport—including pages stamped with Saudi visas—with one set at home and the other in a safe place while you travel.

### **Photographs**

Saudi authorities forbid the taking of photographs (still or video, including those taken with your phone) at the Holy Mosque at Mecca or at the Prophet's Mosque at Medina. Any violation of official instructions is likely to lead to the confiscation of your device. While a prior ban on cameras and camera phones has been relaxed, exercise good judgment and respect the rules of each site.

### **Additional Information**

For more information about Hajj, including emergency contact information, as well as what the U.S. Embassy and Consulates can do to assist Hajj travelers, please see the U.S. Department of State's website: <https://travel.state.gov/content/travel/en/international-travel/before-you-go/travelers-with-special-considerations/hajj-umrah.html>.

This meeting was an opportunity for Consulate staff to strengthen our partnership with the Dar Elsalam Company, one of the largest facilitators of Hajj and Umrah visas for American citizens. The CG thanked Dar Elsalam for their role in providing Americans access in Saudi Arabia to fulfill their religious duties, and for working with the Consulate in providing assistance to American pilgrims in need.
